NEWS

This week the children have all enjoyed taking part in Science Week activities. We began with a live assembly with Picture News on Wednesday morning, entitled 'What Lies Beneath'. We observed a live experiment to investigate the layers and life within our oceans.

Children in all classes have worked on a number of messy, fun investigations in a range of areas of science. Please make sure you take a look at our photos on our Instagram and Facebook pages.

All our stars of the week were celebrated for being great Scientists in our achievement assembly today.

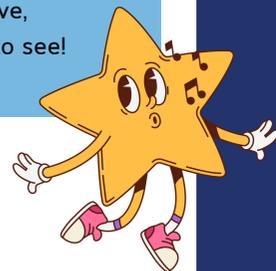

We have continued to upload some Julia Donaldson themed bedtime stories. We have all read our stories from different locations around school. Can the children spot where we all are? These will be posted throughout the month of March, leading up to the Easter break. We hope the children are enjoying them.

SPECIAL MENTIONS

Well done to:

- Jessica from Reception class for always being enthusiastic - she comes in with the biggest smile on her face and always sees the funny side of things. 😊
- Ted from Year 1 for sharing some amazing scientific knowledge this week and for always being ready to learn. 🧑🏫
- Novi from Year 2 for trying really hard with her handwriting and for always being enthusiastic to learn. She offers lots of thoughtful answers and she is always happy to challenge herself. 😊
- Everyone in Year 3 for their fantastic glockenspiel playing in assembly this morning - great job everyone! 🎵
- Freddie from Year 4 for trying really hard to improve his independent writing! 📖
- Robert from Year 5 for having a more positive, happy and smiley week. It has been lovely to see! 😊

DIARY DATES

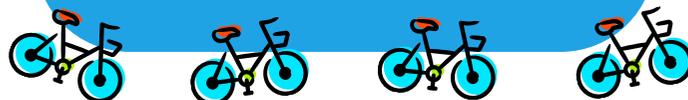

- Wednesday 18th March - Year 2 class assembly at 9.15am
- Tuesday 24th and Thursday 26th March - Parents' evenings years 1 - 6
- Wednesday 25th March - Parents' evenings Reception Class

THANK YOU

We are thrilled to share that we have a new bike shelter, behind the astro pitch, which will allow us to store additional bikes and scooters for our older pupils to use during breaktimes.

The bike shed has been kindly donated and installed by **Shuttleworth Contractors**. Huge thanks to Mark and the team for this! We are now looking for any companies or charities that might be able to donate bikes. We also need someone who might be able to give some time to service our bikes, trikes and scooters occasionally, If you are able to help us, please get in touch.

ATTENDANCE

This week our whole school attendance is 95.5%

PARENTS' EVENINGS

Tuesday 24th March and Thursday 26th March
Wednesday 25th March for Reception Class

Our booking system for our upcoming parents' evenings is now live. As we are now over half way through the academic year, these meetings are a great opportunity for teachers and parents to discuss children's progress so far. It's also an opportunity for parents to look at children's workbooks.
